# Applications and Field Tools

## Required Applications

Installers must download the following apps from the App store:

**Citrix Files – (aka: ShareFile)** – IntelliHUB Document Sharing System

**Oracle Field Service Cloud** – IntelliHUB Field Mobility System

## Recommended Applications

**Emergency +** – National App developed by Emergency Services

**First Aid – Australian Red Cross** – *Information on how to handle common emergencies*

## ShareFile/Citrix Files Application

### PR 1366 – Intellihub Document Sharing Procedure

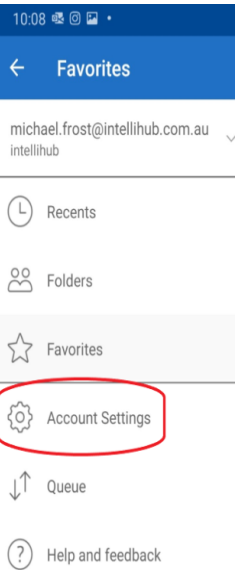

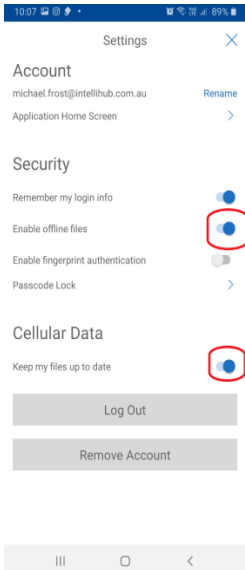

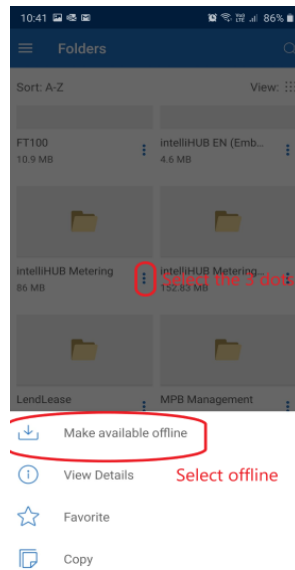

- Intellihub use a document sharing system called ShareFile – also known as Citrix Files
- ShareFile contains all current versions of Intellihub documents including:
  - Work Instructions
  - Procedures
  - Forms
  - Technical Alerts and Information
- User will be provided an activation email during the onboarding process. Ensure activation is completed within 12 hours of receiving this email. Activation will be completed via the browser access. Once activated, navigate to the application and login using the activated credentials
